**TERMINAL DISCLAIMER**

Mail Stop Amendment  
Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir:

Petitioner, Actel Corporation, whose primary place of business is located at 2061 Stierlin Court, Mountain View, California 94043, represents that it is Assignee of the entire interest in the above-identified patent application and hereby disclaims the terminal part of any patent granted on the above-identified application which would extend beyond the lawful expiration date of Patent No. 6,624,657. Applicant further agrees that any patent so granted on the above-identified application shall be enforceable only for and during such period that the legal title to said patent shall be the same as the legal title to United States Patent No. 6,624,657. This agreement is to run as provided by law with any patent granted on the above-identified application and is to be binding upon the grantee, its successors or assigns.

CERTIFICATE UNDER 37 CFR § 3.73(b)

Actel Corporation certifies that it is the assignee of the entire right, title and interest in the patent application identified above by virtue of an assignment from the inventor of the parent patent application (serial no. 09/880,679). The assignment was recorded on February 5, 2003, on reel 013723, frame 0359.

The undersigned has reviewed all the documents in the chain of title of the patent application identified above and, to the best of the undersigned's knowledge and belief, title is in the assignee identified above.

The undersigned is empowered to act on behalf of the assignee.

I hereby declare that all statements made herein of my own knowledge are true, and that all statements made on information and belief are believed to be true; and further, that these statements are made with knowledge that willful false statements, and the like so made, are punishable by fine or imprisonment, or both, under section 1001, Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.
